

GB Scrapie Monitoring Scheme

As operated by SRUC Veterinary Services

Additional certificate required for 2022 Renewals only

To the Owner

- Please keep a copy of this document
- Please send a copy to SRUC SGHS along with your 2022 Renewal application

Section A

Name of flock/herd owner:	
Full postal address:	
Post Code:	
CPH number:	

Section B Declaration by the *owner/*agent/* keeper

*Delete as appropriate

I/We, the undersigned, being the owner/agent in charge of the flock/herd detailed above do declare

All male sheep/goats currently in the monitored flock/herd on the above holding comply with at least ONE of the following conditions

- They are homebred, OR
- They originated from a flock/herd with equivalent or higher SMS Monitored status, OR
- They have been in the flock/herd for at least 7 years (for Negligible risk flocks/herds), or since the holding began scrapie monitoring (for Controlled risk flocks/herds), OR
- You have provided certification to the O/W verifying that the sheep is ARR/ARR^{pr} protein genotype, and the genotyping must have been carried out in a laboratory approved by the National Reference Laboratory (APHA) for export testing. Currently, the only approved laboratories are APHA and SRUC.
